***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

The prior art does not disclose or adequately teach applicant's apparatus as recited in claim 15, because the prior art is silent as to the specifically recited "means for feeding a solid waste", used in combination with a pressure reactor. The prior art is further silent as to the specifically claimed "means for controlling pressure", such that the first, second and third pressure fluids and a pressure within the pressure reactor are maintained according to the recited pressure values.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
